CIRCULAR No. 30.

United States Department of Agriculture,
DIVISION OF BOTANY.

LIST OF PUBLICATIONS OF THE DIVISION OF BOTANY.

There has been a demand from librarians and others who are trying to secure complete sets of the publications of the Division of Botany for a list of such publications to serve as a guide or check list. For the purpose of supplying this demand, the following list of the publications of this Division from its organization in March, 1869, to the close of the year 1900 has been prepared. All the earlier publications are out of print, and also many of the recent ones, especially those of the technical series, which are issued in comparatively small editions.

ANNUAL REPORTS.

(The annual reports of the Chief of this Division are bound with those of the Secretary of Agriculture, and since 1886 have also been published in independent pamphlet form.)

No report printed in 1871.

No report printed in 1873.

No report printed in 1875.

No report printed in 1877.

REPRINTS FROM YEARBOOK.
(Separates of papers published in the Yearbook are issued in small editions.)

MISCELLANEOUS REPORTS.

(The following reports prepared by the Botanist are not included in any of the regular series of the Division.)

A Descriptive Catalogue of the Grasses of the United States, including especially the Grass Collections at the New Orleans Exposition made by the U. S. Department of Agriculture, and the State Exhibits of Grasses, with Notes on such Species as are More or Less Employed in Agriculture, or Deserving of Trial for Cultivation. By Dr. George Vasey, Botanist. Pp. 110. 1885. (Published as a Report to the Representative of Department of Agriculture at the World's Industrial and Cotton Exhibition.)

The Agricultural Grasses of the United States. By Dr. George Vasey, Botanist. Also the Chemical Composition of American Grasses. By Clifford Richardson, Assistant Chemist. Pp. 144, pls. 120. 1884.

The Agricultural Grasses and Forage Plants of the United States; and such Foreign Kinds as have been Introduced. By Dr. George Vasey, Botanist. With an Appendix on the Chemical Composition of Grasses. By Clifford Richardson. Pp. 148, pls. 114. 1889. (Issued as a Special Bulletin of the Division of Botany, Revised and Enlarged from The Agricultural Grasses, 1884.)
